Dina Tarek Khalifa

Frontend Developer – React JS

Cairo,Egypt | +201228667197 | dinatarekk2@gmail.com | linkedin.com/dina-tarek | https://github.com/dina-tarek2

Profile Summary

Passionate Junior Frontend Engineer with **ITI training**, skilled in **React.js**, **JavaScript**, and modern web technologies. Experienced in building responsive, high-performance user interfaces and scalable web applications. Strong problem-solver committed to clean code,continuous learning.

Education

Bachelor degree in **Computer Science (Very Good with Honors)**, Faculty of Science, Cairo University – Top 5 in class. **Oct 2021 – Jul 2025**

- **Relevant Coursework:** Intro to CS & OOP (Java), Prob. & Stat., Linear Algebra, Data Structures and Algorithms (Java), Database, Software Engineering(MERN Stack development), Mobile Application Development, Cryptography, Computer Networks, Android(Kotlin & XML).

Technical Skills

Programming Languages:
HTML5, CSS3, JavaScript (ES6+), TypeScript, C++, Java, Python, Node.js, REST APIs
Frameworks & Libraries:
React.js, Redux/Redux Toolkit, Zustand, Context API (useContext), Express.js, Bootstrap, Tailwind CSS, Material UI, Firebase
Tools & Platforms:
Git/GitHub, Vite, Vercel, VS Code, Figma, MongoDB
Other Concepts:
State Management, OOP, Data Structures & Algorithms, Clean Code

Soft Skills

Communication, Teamwork, Adaptability, Time Management, Problem Solving

Experience

Instructor | iSchool *(part-time)* *(2026)*

- Instructed 100+ students in Web Development, Cybersecurity, and Programming Fundamentals through DECI & DEMI initiatives.
- Simplified complex CS concepts into interactive, student-friendly lessons to enhance practical understanding.
- Managed session delivery, improved student engagement, and collaborated with instructional teams to maintain curriculum quality.

Frontend & Mobile Development – ITI Training (2024)

- Developed responsive, cross-browser web components using React.js, JavaScript, and modern CSS frameworks.
- Integrated web applications with Firebase services including Authentication and Realtime Firestore database.
- Applied clean code principles and modular architecture across multiple hands-on projects during intensive training.

Projects

Radintel | Medical Imaging App ***(2025)***

- Developed a cross-platform medical imaging UI using Flutter, integrating with a Node.js backend to generate AI radiology reports.
- Designed and implemented complex frontend features including DICOM file upload system, case tracking dashboards, and user registration/validation.
- Built an admin management module to handle user access, license verification, and status approval workflows.
- **Achievement:** Reached Semi-Finals at CU-AI NEXUS Hackathon and Digi Topia 2025.
  Backend repo | Frontend repo

Certificates (Courses)

- Huma Volve Frontend Bootcamp(2026)
- AI & Machine Learning Workshop (2025)
- ITI Front-End Web & Mobile Development (2024)

Achievements & Competitions

Digi Topia Competition – Certificate of Appreciation(2025)

CU-AI NEXUS 2025 Hackathon – Semi-Finalist(2025)

ECPC Contestant For Girls (2023)

ECPC Contestant(2023)

- **Languages**
  - Arabic: Mother's tongue.
  - English: Intermediate
